

EcoHealth Vector Education

FREE student programs promoting simple, healthy living to reduce mosquito-borne diseases in our cities

The program's scientific approach shapes how students think about the interdependent relationships between mosquitoes in our community and human health. The programs are **FREE** to schools located within the San Gabriel Valley Mosquito and Vector Control District boundaries.

Programs Available

- K-12 classroom presentations and interactive material
- Custom presentations based on needs
- **Vector Inspectors Program (VIP):** Saving Lives Through Citizen Science (K-High School)

How We Help Educators

- Each program ties in with a grade-appropriate **Next Generation Science Standard**.
- Our Education Specialist has more than 16 years of classroom experience and guides the program from start to finish. Sit back and enjoy the show with your students!
