

# San Gabriel Valley Mosquito & Vector Control District offers **Free** **Life Science Programs**

***Fall is the best time for insects!***  
***Book life science programs for your school between now and winter break***

## **Classroom/Small Group Presentations (Pre-K through Grade 12)**

Our presentations can include a PowerPoint full of great visuals (interactive bug-puppet talk for Pre-K, TK and Kinder groups) plus hands-on materials, preserved and live specimens, and printed material for the classroom and take home. Programs can be tailored to fit specific needs. Specific life science state standards, Education and the Environment Initiative (EEI) objectives and Common Core standards can be addressed. We will visit one to multiple classes and grade levels (rotated through one room) and work around your school's schedule. Topics include: Insect Awareness and Safety; Environmental Stewardship; Vector-borne Disease Prevention; Life Cycles; Food Chains and

Food Webs; Habitats and Adaptation; Insect Form and Function; Local Vector-borne Diseases and Emerging Diseases; Malaria: Historic and Current Perspectives; Insects and Water Quality; Bees and Colony Collapse Disorder; and more.

**Venues:** single classes, multiple classes (rotation), Scout meetings and youth groups.

## **Assemblies: Citizen Science Program: (Scouts/Kinder-Grade 8):**

**The Vector Inspectors Program (VIP)** is a large-group, citizen-science activity which mobilizes young people to participate in a hands-on, real-time science project which benefits their community's public health and gives kids the opportunity to collect data for an ongoing public health project. See "Vector Inspectors Program" on our Education page at [www.sgvmosquito.org](http://www.sgvmosquito.org) or call (626)814-9466 for details.

## **Insect Science Loan Boxes:**

Borrow a free loan box! Geared for grades 1 through 5, these boxes provide a variety of activities, books, "Eyewitness Insects" video/DVD, "Pesky the Mosquito" interactive computer game, insect collecting and rearing equipment, and more. **We deliver and pick up!**

**Programs and Materials are Free!**  
**Availability is limited**

**Call: 626-814-9466 or email:**
