# Is Your Yard a Mosquito Oasis?

3 Easy steps to enjoying a bite-free home!

1

Check your yard for cool, shady, areas with dense plants

*Mosquitoes seek shelter in thick, leafy plants like Hedges, Ivy, and Bushes*

2

Choose your alternative, bite-free, plants from our curated list!

See back side

3

Step outside and enjoy the benefits!

*Save \$  
Build Biodiversity  
Reduce Mosquito-Attracting Environments*

Visit [www.NoWaterNoMosquito.org](http://www.NoWaterNoMosquito.org) or Scan the code with your phone's camera to learn more about native plants

# Get the same look, minus the biting
